CAREER SUMMARY

Computer Science & Engineering graduate from RUET with a proven track record in campus leadership and extracurricular governance as Vice President (Admin) of Greater Kushtia Association (GKA) and HR Lead of RUET Computing Society (RCS). Experienced in talent operations, cross-functional team coordination, large-scale event management, and student welfare administration. Combines analytical problem-solving with strong communication skills, seeking a Management Trainee position to drive operational excellence in a corporate environment.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Vice President (Admin) July 2025 – Aug 2026
Greater Kushtia Association, RUET *RUET, Bangladesh*

- **Student Welfare & Financial Aid**: Administered association funds to provide financial assistance to underprivileged students and managed a book bank supplying course textbooks.
- **Mentorship & Event Coordination**: Guided admission candidates through entrance exam counseling and campus orientation; organized annual reunions connecting students with alumni.

HR Lead Nov 2025 – July 2026
RUET Computing Society (RCS) *RUET, Bangladesh*

- **Talent Operations**: Directed recruitment, onboarding, and performance tracking across multi-batch committees.
- **Event Leadership**: Planned and executed campus-wide programming contests, hackathons, and workshops for 100+ attendees.

EDUCATION

B.Sc. in Computer Science & Engineering Mar 2022 – Aug 2026
Rajshahi University of Engineering & Technology (RUET)
CGPA: 3.25 / 4.00 **(Major GPA: 3.63)**

Higher Secondary Certificate (HSC) July 2018 – April 2020
Cantonment College, Jashore | Board: Jashore
Result: **GPA 5.00 / 5.00** (Science)

Secondary School Certificate (SSC) Jan 2016 – Feb 2018
Kushtia Zilla School | Board: Jashore
Result: **GPA 5.00 / 5.00** (Science)

EXPERIENCE

Software Engineer Intern Feb 2025 – May 2025
Code Studio Software Company *Rajshahi, Bangladesh*

- Built full-stack web applications (Node.js, React, Next.js, Django) in Agile sprints; designed relational DB schemas (SQL).
- Implemented RESTful APIs with JWT authentication, RBAC, and rate-limiting middleware for reliability and security.

Research Intern Aug 2026 – Present
Elite Research Lab LLC *New York, USA (Remote)*

- Benchmarked multimodal machine learning models and quantitative data pipelines within a global distributed team.

Research Assistant May 2026 – Present
Arché Intelligence Lab *Dhaka, Bangladesh (Remote)*

- Applied deep learning and predictive modeling to complex datasets; contributing in brain tumor classification and segmentation.

COMPETITIONS & HONORS

- **Kaggle Top 3%** (*Student Test Scores*): Ranked **96th / 4,317** globally; built predictive regression models.
- **Kaggle Top 13%** (*Santa 2025 Packing*): Ranked **425th / 3,357** globally; developed spatial optimization heuristics.
- **Government Technical Scholarship**: Awarded by Ministry of Education (MoE) for 3rd and 4th year undergraduate academic performance at RUET.
- **Government Talentpool Scholarship**: Merit award by Jashore Board in Junior School Certificate (JSC) examination.

KEY PROJECTS

AlzDetect-Ai: End-to-End Clinical Diagnostic System [Live Demo] [GitHub]

- Engineered an automated diagnosis system combining custom CNNs and ensemble models with Grad-CAM heatmaps; deployed on Streamlit for real-time inference and report generation.

TRIAGE: Risk-Controlled Robust Learning System [GitHub] [Paper]

- Designed an adaptive pseudo-label admission mechanism in PyTorch to minimize error accumulation under domain shift.

Commercial Full-Stack Web Platform [GitHub]

- Developed modular full-stack web applications featuring secure authentication, CRUD database architecture, and REST APIs.

SKILLS & COMPETENCIES

Leadership & Management	Team Leadership, HR Operations, Project Management (Agile/SDLC), Cross-Functional Coordination, Event Logistics, Conflict Resolution
Communication & Languages	English (Fluent / Full Professional Proficiency), Bangla (Native), Business Communication, Executive Presentation, Stakeholder Engagement
Analytical Acumen	Data Analysis, Statistical Modeling, Predictive Analytics, Exploratory Data Analysis (EDA), Optimization
Programming & Web	Python (Pandas, Scikit-learn), SQL, JavaScript, React, Next.js, Node.js, C/C++, Django
Tools & Platforms	Git, GitHub, Linux/Bash, Streamlit, MS Excel, Kaggle, LaTeX

SELECTED PUBLICATIONS & RESEARCH

- **IEEE ICCIT 2025**: "Memory-Efficient Architectures for Water Body Segmentation in Satellite Imagery." [DOI]
- **IEEE ICCIT 2025**: "Transformer-Based Multi-Label Disease Prediction from Radiology Reports." [DOI]
- **QPAIN 2026**: "Explainable Deep Learning for Multi-Class Alzheimer's Diagnosis with Multi-Scale CNN." [DOI]
- *Note: Authored 4 additional manuscripts currently under review at peer-reviewed journals (e.g., Scientific Reports).*
